DETAILED ACTION

Response to Amendment

1. The following is in response to the amendment filed on 03/08/2007. Claims 7-12 are cancelled. Claims 1-6 and 13-21 are pending in the application.

Specification

2. The disclosure is objected to because of the following informality:

The Applicant is required to provide the status (if patented or abandoned) of the applications cited on page 1.

3. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102(b) that form the basis for the rejections under this section made in this Office action:

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-6 and 13-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Bossemeyer et al (WO 99/53654), hereinafter referred to as Bossemeyer.

Re claims 1-6 and 13-21, all claim limitations are disclosed in claims 1-6 and 13-21 of Bossemeyer.

Response to Arguments

6. Applicant's arguments filed on 03/08/2007 have been fully considered but they are not persuasive.

On page 6 of the Remarks, the Applicant argues that Bossemeyer et al (WO99/53654) is disqualified as 102(b) prior art against the instant application since the instant application claims priority to U.S. serial no. 09/040205 filed on March 13, 1998, which supports the subject matter of the pending claims in the instant application.

In reply, the Examiner requests specific evidence on how each claim in the instant application is supported by the disclosure of the application filed on March 13, 1998.

Therefore, the Examiner concludes that the rejection of claims stands.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
